

# PAXTON CAP DRYER

## Improve Product Quality. Reduce Rejection Rates.

The CapDryer by Paxton Products provides complete drying of the bottle neck and lid to improve quality of coding, tamper banding, labeling and vision system results.

The CapDryer by Paxton Products targets the neck and lid of most bottle types and sizes, and when coupled with a Paxton AT-series blower, thoroughly dries the cap and throat within an 18 - 30 inch (467 - 762 mm) footprint.

- Reduce false readings from vision systems
- Improved adhesion and positioning of label and tamper band
- Eliminate coding quality issues due to smearing
- Easily adjustable for varying bottle sizes

The CapDryer by Paxton Products gave a ten fold reduction in vision system rejection rates.

Air Systems designed and engineered by Paxton Products come with a 100% Performance Guarantee and a best-in-class 3 year warranty on AT- and XT-series blowers

# PAXTON CAP DRYER

## CapDryer

- Effectively dries bottles ranging from 8 oz to 3 liters
- Provides multi-directional blow off
- Available in 2 sizes: 12 or 24 nozzles
- Built-in spray containment
- Easy installation
- 2 hose connections for universal mounting
- Stainless steel construction
- Adjustment markings for ideal placement
- Powered by a Paxton AT-Series blower
- 24 nozzle: 30 x 11 x 13 in (762 x 297 x 330 mm)
- 12 nozzle: 18 x 11 x 13 in (457 x 297 x 330 mm)

## Mounting Arm

- Integral crank for easy product changeover
- Horizontal (5"/127mm) and vertical (10"/635mm) adjustment
- Locks in place after adjustment
- Stainless steel construction
- At minimum height: 9 x 24 x 14 in (229 x 737 x 356 mm)

## Empty Bottle Blow Off Attachment

- Stainless steel flare nozzle and mounting bracket with 5 feet of hose
- 1.25" (32mm) dia nozzle with 1.8" (46mm) flare
- Horizontal (1"/25 mm) and vertical (9"/229 mm) adjustment for nozzle mounting bracket
- Increased thrust available for heavier bottles
